ABSTRACT

Designed to improve spelling and reading skills and serving as a complement to the ACTION READING Fast Track Fundamentals learn-to-read program, "Spell Power" presents a thorough program for success in spelling, reading, and writing. Written for learners from ages 6 to 99, it strengthens the connection between reading and spelling as learners practice spelling, reading and writing. It teaches important spelling skills including: recognizing commonly misspelled words; focusing on a group of words that share a phonetic rule; and recognizing that words have common spelling patterns. The workbook and the two audiotapes can be used at the learner's own pace. (RS)
